Side By Side Trading

June 14, 2006

Number 364

To: All floor personnel
Subject: Deadline for submission of eHHT paperwork

The exchange provides simple front end order entry access to trade ECBOT products for use on the CBOT trading floor, referred to as eHHT. To be assured of being live on eHHT for the August 1, 2006 launch of side by side grains, the deadline for submission of eHHT forms is Friday, June 23, 2006. The eHHT registration form requires approval from your clearing firm authorizing your use of this device. The registration form, available at the side by side desk located on the agricultural floor, must be completed and faxed back to Keisha Patterson @ 312-347-4294 or dropped off at the side by side desk by the close of business on Friday, June 23, 2006, in order to schedule training and configure devices to meet the users' demands.

Any requests post the June 23, 2006 deadline will be accommodated as best effort allows. For daily demonstrations of the eHHT front end application please stop by the side by side desk located in the agricultural room between the entrances of the trading floors from 8:30am to 1:15pm.

Please direct all questions to the side by side desk or by calling the FTS help desk @ 312-347-5611.
